## Job description

GWE is seeking for an experienced Basic Design Engineer for jobs around the world. This position assumes a key role by being the front line at the start of every project by developing the basic design. After hand-over of the project from sales to execution the basic design is of vital importance for the rest of the project. You also have an advisory role to the project manager and the rest of the project team.

### Role Responsibilities:

- Being responsible for correctness of your basic design
- Communicate with the team about possible price or solution improvements
- Communicate with detailed design department for correct execution regarding the detailed design.
- Seeks to provide technical support to colleagues and from time to time to end-users as required.
- May participate in site surveys and site meetings
- Maintains clear and concise business communication proficiency, both oral and written
- Some travelling will be a part of the job. Overtime and work hours other than Monday-Friday may be asked if the situation desires so.

## Organization

Global Water Engineering (150+ employees) is specialized in development, engineering and sales of turn-key biogas installations to the industry. Its focus lies within anaerobic applications. In 30 years' time, Global Water Engineering has grown to a leading organization in its field of expertise. The organization is technological advanced and offers state-of-the-art solutions to its clients. It's has over 200 reference projects all around the World. Large multinationals, in various industries, rely on the solutions that Global Water Engineering offers them for years now.

## Offer

- Excellent primary and secondary benefits
- Reference projects at worldwide known organizations
- Entrepreneurship
- A pleasant position in a young team

## Candidate

- Mid-career design engineer
- Practical skills with Industrial installations is a pro
- Enthusiastic, pro-active and flexible
- Experience in the industry (preferred wastewater/ biogas/ energy) is a pro
- Occasional travelling abroad.
