Challenging position for service and result driven candidates to install and service leading technology (Green Energy). Reference projects at Budweiser, Chang, Carlsberg, Coca Cola, Corn Products Int'l., Danone, Fosters, Heineken, Interbrew, Kraft, National Starch & Chemicals, Nestlé, Pepsi Cola, SAB-Miller, San Miguel, Singha, Sunkist, Tsingtao.

Job description

GWE is seeking for a mid-level Drafts (wo)man P&ID/construction. As a Drafts (wo)man you are working, in a multidisciplinary team, on challenging projects around the world in waste and waste water treatment applications.

After hand-over of the project from sales to execution the Drafts (wo)man is involved in drafting P&ID's issued by the design engineer, drafting constructions for machine (parts) and assisting in preparing lay-outs. You also have an advisory role to the project manager and the rest of the project team.

Role Responsibilities:

- Being responsible for correctness of your drawings
- Communicate with the team about possible improvements
- Seeks to provide technical support to colleagues.
- May participate in site surveys and site meetings
- Maintains clear and concise business communication proficiency, both oral and written
- Some travelling will be a part of the job. Overtime and work hours other than Monday-Friday may be asked if the situation desires so.

Organization

Global Water Engineering (150+ employees) is specialized in development, engineering and sales of turn-key biogas installations to the industry. Its focus lies within anaerobic applications. In 30 years' time, Global Water Engineering has grown to a leading organization in its field of expertise. The organization is technological advanced and offers state-of-the-art solutions to its clients. It has over 200 reference projects all around the World. Large multinationals, in various industries, rely on the solutions that Global Water Engineering offers them for years now.

Offer

- Excellent primary and secondary benefits
- Reference projects at worldwide known organizations
- Entrepreneurship
- A pleasant position in a young team. (Though acting in predominantly "men's" world, we are proud that our team consists of both genders throughout the organization)

Candidate

- Mid-career draftsman/woman (profound knowledge of AutoCAD 2D and 3D is a must)
- TSO level education
- Practical skills with industrial installations is a strong pro
- Enthusiastic, pro-active and flexible
- Experience in the industry (preferred wastewater/ biogas/ energy) is a pro
- Occasional travelling abroad.
